VOL. LIII.

OAKLAND, CALIFORNIA, THURSDAY EVENING, NOVEMBER 8, 1900.

NO. 263

JAS. A. JOHNSON WILL BE IN THE CITY COUNCIL

Mayor Snow Decides on a Successor to H. D. Rowe in the Seventh.

Mayor Snow this afternoon decided that he will appoint Attorney James A. Johnson vice H. D. Rowe as a member of the City Council from the Seventh Ward.

The appointment will be made on January 1, when Mr. Rowe retires from the Council to assume the duties of Supervisor, to which office he was elected on Tuesday.

The appointment is looked upon as a very popular one. Mr. Johnson is recognized as one of the leading members at the bar in Alameda county and is an exceedingly well known man in East Oakland.

He made his start in Oakland as a young man and has gradually worked himself up to the top of the ladder. He served three terms as City Attorney of Oakland and made one of the best offices this city has ever had.

His appointment as Councilman will touch a popular chord.

TRAINS WRECKED ON THE S. P.'S OREGON LINE.

Trainmen are Killed in a Head-end Collision at Roseburg.

ROSEBURG, Or., Nov. 8.—This morning, two miles south of Roseburg, by a head-end collision between two freight trains on the Southern Pacific, Sam Hendricks, engineer, was killed outright and Fireman Riddle lost a foot and was otherwise bruised.

Engineer Walter Drennan was fatally injured and Fireman Wilhelm was killed.

Walter Drennan, engineer of the northbound freight, and Floyd, conductor, misread the "all clear" signal and instead of sidetracking at Green Station for the local freight, came on, and they collided in Sheridan's field.

Sam Hendricks' neck was broken and his body cut in two.

Fireman Wilhelm's neck was dislocated and both legs burned off between the ankles and the knees. Howard, a brakeman, also had his spine injured. His recovery is doubtful. Both locomotives were completely wrecked, also several freight cars.

HOW A DEPUTY CLERK KISSED BLUSHING BRIDE.

Down in San Leandro they have some funny ideas on how the marriage knot is tied. Antonio Palma and Mary Gomez applied at the County Clerk's office this morning for a license.

Deputy Charles Pugh waited on them. When he ordered the prospective groom to hold up his right hand and swear to the affidavit, the bride-to-be also raised her hand, while she blushed and turned her eyes toward the deputy clerk.

After the big golden seal was put on the document the couple shook hands and the young woman puckered up her rosy lips and turned them temptingly toward Mr. Pugh. The deputy grasped the opportunity.

Palma remarked that getting married was not much of an ordeal and pronounced Pugh he would recommend him to his friends. The clerk tried to explain that the ceremony had not been performed. It took him some time to convey the fact that the issuing of the license did not tie the knot, and when the San Leandro again learned that it would take \$2 besides the cost of the license to complete the deal he nearly fell in a faint.

He wanted to thrash Pugh for the kiss he got under false pretenses.

The ceremony was finally performed in the Clerk's office by Justice Quinn. The groom stated with much chagrin that he would not have allowed Mr. Pugh to kiss the bride had he known that the Deputy County Clerk had not married them when he issued the license.

KIND MESSAGES FOR M'KINLEY.

Congratulated by the Presidents of Two Republics.

WASHINGTON, Nov. 8.—Among the congratulatory telegrams received by the President are the following:

"PALMIS, Nov. 7, 1900.—His Excellency, Monsieur McKinley, President of the United States of America: I beg you to accept my most sincere congratulations on your re-election to the supreme office that you have filled with such lustre, and during which the bonds of friendship between our two countries have, to my great delight, been drawn still closer."

"EMILE LOURET, Nov. 7.—The President: Sincere congratulations. The most important step in bringing peace and prosperity to these islands has been taken."

"GUATEMALA, Nov. 7.—Mr. McKinley: I sincerely congratulate you."

"M. ESTRELLA, Nov. 7.—President."

Declare Dividend.

NEW YORK, Nov. 8.—The directors of the American Cotton Oil Company have declared an annual dividend of

3 1/2 per cent on the common stock, payable December 1st. Last year the rate was 1 per cent, and in 1897, 3 per cent.

BRYAN CLAIMS NEBRASKA'S VOTE.

CHICAGO, Nov. 8.—A telegram was received at Democratic national headquarters from William J. Bryan stating that the Democratic national ticket carried Nebraska by a majority of 2,000 and the State ticket by 4,000, and that the next Legislature of the State will be Democratic.

RESULT IN WASHINGTON

Associated Press Dispatches by The Tribune's Special Leased Wire.

SEATTLE, Nov. 8.—There is no longer any doubt as to the result of the elections in Washington. E. W. Cushman and L. W. Jones, both Republicans, are elected to Congress. J. R. Rogers, Democrat, carries the State for Governor. The rest of the State ticket, including Presidential electors, is Republican.

MRS KERR MARRIED.

NEW YORK, Nov. 8.—Mrs. Salina Kerr, who was recently so badly injured in the Automobiles by accidental shooting that her leg was amputated, was married at noon today to Charles P. Bailey of Philadelphia.

Mr. Bailey was with Mrs. Kerr at the time of the accident and was struck on the leg by the same bullet that wounded Mrs. Kerr. The shot was fired by Dr. Charles T. Dale of this city, who was deer hunting and who mistook Mr. Bailey for a deer.

CHARTER ELECTION IS NEXT.

What is Proposed Under the Amendments Suggested.

People Will Vote on Propositions December 8.

The next election which the people of this city will take part in will be solely of local interest and will have a more vital effect upon this municipality than any one which has taken place here in a long time. It will comprehend the question of making several amendments to the charter, under which the city is now governed. This election will be held on Saturday, December 8th.

The change which it is proposed to make will be the severing of the connection of the City Attorney and the City Engineer, members ex-officio of the Board of Public Works and the Board of Police and Fire Commissioners, with those boards. These positions were created by an amendment of the charter several years ago. The offices of City Engineer and City Attorney will, however, continue to be elective. The places on the Board in question heretofore held by these two officers will be filled by men who will serve the public in no other capacity. They will be appointees of the Mayor and will serve for six years, with the exception of the first Board which will meet, if the proposed amendments should be carried. The members of that Board will draw lots for long and short terms respectively. As a result one member will retire after two, another after four and a third after six years. The salary of the members of the Board of Public Works will be \$100 a month and that of the Board of Fire and Police Commissioners will be \$10 a month.

Another amendment will be the adjustment of salaries of city officers, amounting to raising the pay of the City Clerk from \$1,500 to \$1,800 per year; that of the Superintendent of Streets from \$1,600 to \$1,800, and the paying of \$3,000 per year to the City Engineer, with the understanding that all the fees of his office shall be paid into the city treasury.

Another amendment will authorize the city to dredge the harbor at the city wharf and along the front of the city to the bay. At the present time this cannot be done save through the awarding of a contract for that purpose to a private contractor. As a charter stands, if the city owned a dredging machine it could not operate it at first cost. The corporation would be obliged to have a contractor bid as to the figure he would charge for a job, the city allowing him the use of its dredger.

Still another amendment is the authorizing of the city to build and maintain a garbage crematory.

Another measure contemplates the appropriation of not to exceed \$200 annually for the celebration of Memorial Day.

An amendment somewhat similar appropriates not to exceed \$1,000 per year for the celebration of the Fourth of July of each year.

E. G. VINZENT HAS RETIRED

E. G. Vincent, who has been connected with the real estate firm of William J. Dingle & Co. for many years, has severed his connection with the firm. He will engage in business elsewhere.

THE KENTUCKY FIGHT.

FRANKFORT, Ky., Nov. 8.—Governor Beckham returned to the State capital today. He says his plurality will not be under 5,000. The State election commission will meet week after next to canvass the returns. The returns from the rural districts are unusually slow in coming. It is evident that both sides will continue to claim the State until after the official count is made, and then there will likely be a contest for Governor to be settled in the courts.

The leaders here assert that the returns in several counties are in and that the result in them cannot be ascertained until the question of contested ballots is settled in the courts, and that this will determine who has been elected.

WEST VIRGINIA SAFE.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WILMINGTON, Del., Nov. 8.—Unofficial returns of the election in Delaware show the total vote to be: Bryan, 17,818; McKinley, 12,561; McKinley's plurality, 5,257.

Alexander M. Daly, Democratic nominee for Congress, ran about a thousand ahead of the Bryan electoral ticket. There is great interest in the official count today, as there is a probability of the count changing the complexion of the Legislature from Republican to Democratic. The count began at 10 o'clock this morning and will occupy all day and possibly run over into tomorrow.

MAY MEAN A GENERAL CONFLICT

Russia Annexes Land on the River at Tien Tsin.

Foreign Consuls Will Protest Against Seizure.

ST. PETERSBURG, Nov. 8.—The Journal de St. Petersburg, the organ of the Foreign Office, discusses the United States election in a more friendly tone than any other Russian newspaper. It says:

"The American nation thereby testifies its gratitude for the great services rendered the nation at large. Mr. McKinley's sagacity and skill in discovering a safe middle course and not going beyond what the general interests of the country required is approved by public opinion, which explains why there is no important defection among his 1896 supporters."

The Moscow Gazette, influenced by the Finance Minister, does not anticipate "the adoption of thorough-going imperialism as a result of the election." It adds:

"The revolution was predestined, since the commercial and industrial nation could not entrust its affairs to an extreme radical like Bryan."

The Novoye Vremya says:

"McKinley adopted Bryan's views of foreign politics and shied away from England and even Germany. Will he resume his old policy? Most certainly America is ranged with France and Russia."

38,088 M'Kinley's Majority Is Still Climbing Up.

SAN FRANCISCO, Nov. 8.—Two thousand and fifty-six precincts out of 2,495 gave McKinley, 151,131; Bryan, 113,043. The same in 1896, McKinley, 124,236; Bryan, 126,736. The 327 missing precincts in 1896 gave McKinley 12,046; Bryan, 11,550. Three hundred and twenty precincts out of 431 in the First Congressional district gave Democrat, Republican, 17,818; McKinley, 12,561. The 134 precincts not heard from in 1896 gave McKinley 3,065; Bryan, 3,110.

In the Second Congressional district, out of 155 give Woods, Republican, 26,493; Sprunt, Democrat, 18,537.

The 110 precincts not heard from in 1896 gave McKinley 2,642; Bryan, 3,814. In 1896 the votes had a majority of 4,760 for Congress.

McKinley's majority is 38,088 up to date.

VOTE IN MONTANA.

HELENA, Mont., Nov. 8.—Complete returns show the next Legislature will be composed of fifty-three Clark Democrats, thirty-three Republicans, eight Daily Democrats and one Republican.

Practically complete returns show Bryan's majority to be 8,000, while Toole for Governor and the rest of the Clark Democratic State ticket, including Congressmen and Associate Justices of Supreme Court, are elected by 7,400. Bryan carried the State four years ago by over 25,000.

BRYAN CARRIES IDAHO.

Associated Press Dispatches by The Tribune's Special Leased Wire.

BOISE, Idaho, Nov. 8.—About four-fifths of the vote of Idaho has been reported. Bryan has a plurality of 1,230; Glenn, Fusion, for Congress, has 242, and Hunt, Fusion, for Governor, 1,441. The Fusionists have forty-two members of the Legislature, the Republicans twenty-five, with three unreported. This will reduce George L. Shoup from the United States Senate.

TWO BODIES FOUND.

NEW YORK, Nov. 8.—Two bodies were found today by workmen engaged in excavating the Tarrant & Co. fire and explosion ruins. One was identified as that of Hamilton Matthews, a driver employed by Tarrant & Co.; the other is believed to be that of Tarrant's missing shipping clerk, Benjamin Moorhouse. It is said that Moorhouse was the only person who knew just what chemicals were stored in the building at the time of the explosion.

BRYAN NOT A CANDIDATE FOR SENATOR

Would Not Accept the Office If It Were Tendered Him.

Lost His-Fight and Is Not Hunting Other Men's Jobs.

NEW YORK, Nov. 8.—The Evening Journal prints the following telegram from William J. Bryan:

"LINCOLN, Neb., Nov. 8.—To the Editor of the Evening Journal:—You may say officially that under no circumstances would I accept the office of United States Senator, even were it tendered me."

"I made my fight for the Presidency and I lost."

"I am not going to take other men's positions from them."

"WILLIAM J. BRYAN."

BRYAN SENDS CONGRATULATIONS TO M'KINLEY.

LINCOLN, Neb., Nov. 8.—William J. Bryan sent the following telegram at noon today to President McKinley:

"Hon. William McKinley, President of the United States:—At the close of another Presidential campaign it is my lot to congratulate you upon a second victory."

"W. J. BRYAN."

ILLINOIS LEGISLATURE.

CHICAGO, Nov. 8.—With a few doubtful districts yet to hear from, the Republicans apparently have a majority in both branches of the State Legislature. The margin in the lower house, however, is but one on the face of the returns so far received, and the Democrats still claim they will control that branch and probably the Legislature on joint ballot. According to present indications the Legislature will stand as follows:

House—Republicans, 77; Democrats, 76.

Senate—Republicans, 29; Democrats, 22.

The Republicans, on the other hand, claim they will have a majority of seven in the lower house and fifteen in the Senate.

VOTE IN MONTANA.

HELENA, Mont., Nov. 8.—Complete returns show the next Legislature will be composed of fifty-three Clark Democrats, thirty-three Republicans, eight Daily Democrats and one Republican.

Practically complete returns show Bryan's majority to be 8,000, while Toole for Governor and the rest of the Clark Democratic State ticket, including Congressmen and Associate Justices of Supreme Court, are elected by 7,400. Bryan carried the State four years ago by over 25,000.

WOMAN CYCLIST NEARLY KILLED IN A COLLISION.

Mrs. J. Deton Run Into By a Horse Driven by R. F. Flemming.

Through apparent carelessness in handling her bicycle, Mrs. J. Deton, a dress-maker, whose home is at 32 Harrison street, met with an accident at 11 o'clock this morning that nearly cost her life.

She was riding down Clay street at break-neck speed while R. F. Flemming of the telephone company was driving leisurely in an opposite direction.

There were no obstructions in the street, but when Mrs. Deton attempted to pass Flemming's rig she turned her wheel deliberately toward it, striking the horse on the left foreleg, throwing the animal to the ground.

The woman fell from her wheel near the horse's legs. In the animal's struggles to regain its feet it struck Mrs. Deton on the back of the head with one of its hoofs, tearing the scalp and possibly injuring the skull.

She was rendered unconscious by the blow, and those who rushed to her assistance thought she was dead.

P. J. Delahanty picked her up.

The patrol wagon was summoned and the unfortunate woman hurried to the Receiving Hospital. She was apparently lifeless when placed on the operating table, but soon became semi-conscious.

She was attended by Dr. Milton, who was unable to tell the full extent of her injuries.

She could not give her name, but it was learned from letters found in her hand satchel.

The woman is badly injured.

Up to a late hour this afternoon the woman was still in a semi-conscious condition. She has not been removed from the hospital and no one has visited her there.

It is stated that her only relative on Isler mother, who is a very old woman and extremely feeble. Mrs. Deton was the old lady's only support.

BRYAN LOSES HIS OWN STATE.

Republicans Win in Nebraska By Safe Majority.

OMAHA, Neb., Nov. 8.—The Bee at noon prints a table on the national tickets giving complete returns from fifty-five counties and estimates on ten other counties, with one precinct missing from each, out of a total of ninety counties, which gives McKinley 50,225; Bryan 45,196. The same counties in 1896 gave McKinley 55,476; Bryan 46,547. This is a net gain for McKinley of 14,505. Bryan's plurality in 1896 was 12,500. With this ratio of increase through the missing counties McKinley will have a plurality of about 5,900 in the State. There were 12,000 to 15,000 more votes polled in the State than in 1896, and the Fusionists claim these are mostly from the cities and towns which have already been heard from and that the counties yet unreported will give Bryan a small plurality in the State.

The State ticket is running close to the vote on President, and it may require the official count to decide on Governor and other State offices. Both sides claim four out of the six Congressmen. The Legislature is closer than any other ticket. The Douglas county delegation will be split about in half between Fusionists and Republicans. The latest returns indicate that neither side will have more than five or six majority on joint ballot.

McKINLEY'S MAJORITY.

WASHINGTON, Nov. 8.—Assistant Secretary of War Meiklejohn today telegraphed here as follows:

"FULTON, N.Y., Nov. 8.—Nebraska is redeemed. McKinley has carried the State by not less than 5,000. The Legislature is Republican, both houses."

ANNUAL BAZAAR AT MRS. KNOWLES.

Many Visitors at the Big Home on Jackson Street.

The annual bazaar for the benefit of the Ladies' Relief Society is in progress this afternoon at the residence of Mrs. J. N. Knowles on Jackson street. The home has been embellished in a most effective manner by the artistic disposition of hangings, heirlooms and flowers.

The exercises began at 2 P. M. and will continue until this evening at 10 o'clock.

Tonight the ground will present a most attractive appearance, under the influence of hundreds of part-colored lanterns and electric bulbs have been placed in the most effective manner to catch the eye and appeal in an irresistible manner to the purpose and liberality of the patrons.

There are scores of attractive young ladies attired in fetching costumes in all parts of the house, each working with a will to dispose of the goods to swell the fund for the benefit of the charities under the charge of the Ladies' Relief Society.

During the afternoon there has been a constant flood of patrons, and as a large number of the goods have been sent out there will be a repetition of the patronage this evening.

Those assisting Mrs. Knowles in receiving are Mr. L. C. Williams, Mrs. Iram, Mrs. Matthews, Mrs. McElrath and Mrs. Gordon.

The tea table is presided over by Mrs. William Taylor, assisted by Mrs. Harry J. Knowles, Mrs. Fred Magee and Miss Carrie Hutton.

GOOD BUSINESS AT THE DEWEY.

There was another large house at the Dewey last night, the drawing power of the American Legion, which has been as strong as ever. Landers Stevens in the role of Silas Hawthorne does excellent work and is warmly applauded nightly. De Witt Clinton has secured a success as John Langton, a young doctor, and the Daniel Dodge of Maurice Stewart is clever. Miss Edna Elmore is a charming heroine as Dexter Hawthorne, and Fanny Curtis is well cast in the part of La Belle Corbie, an adventuress. True Boardman's song songs are received with favor, and the performance is an enjoyable one throughout.

WHAT CAUSES DEAFNESS.

The Principal Cause is Curable but Generally Overlooked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute diseases like scarlet fever sometimes cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives as his opinion that nine out of ten cases of deafness is traced to throat trouble; this is probably overstated, but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrhal secretion in the nose and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from unhealthy secretions of catarrh, the hearing will at once greatly improve and anyone suffering from deafness and catarrh can satisfy themselves on this point by using a fifty cent box of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a whole-some combination of Blood root, Guaiacum, Eucalyptol, and similar antiseptics and they cure catarrh and catarrhal deafness by action upon the blood and mucous membrane of the nose and throat.

As one physician aptly expresses it: "You do not have to draw upon your imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken."

All druggists sell and recommend them. They cost but fifty cents for full sized package and any catarrh sufferer who has wasted time and money on sprays, salves and powders will appreciate to the full the merit of Stuart's Catarrh Tablets.

GOOD EFFECT ON BUSINESS.

The English Financiers Pleased With the Election.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Nov. 8.—England's leading representatives of high finance have been interviewed by the London correspondent of the World relative to the election in the United States.

"The Bank of England never gives opinions, but my personal view you are welcome to," McKinley's election must have a healthy effect both financially and politically. I consider it, in the first place, as a great security for the peace of the world. Here undoubtedly the belief has been that if Bryan were elected it might mean disturbance and unsettlement in the financial world. Now we may look to a revival of business and a strengthening of American securities."

Hon. Francis Baring, the working chief of the firm of Baring Bros., said: "The good effect of McKinley's election has already been reflected in the American market, where prices have hardened greatly. I believe that it will increase confidence and that business will necessarily improve. English capital will be more freely invested in American securities and undertakings."

"As to its bearing on bimetalism, that is too big a question to go into today. Sufficient for the day is the evil thereof."

At the London office of the Morgans, J. P. Morgan said: "I consider that the settlement of the question is a relief to business interests both here and in America. The general effect on commerce and finance must be excellent. For the past fortnight prices have shown an upward tendency, and the general relief has been expressed by the further immediate improvement."

"As to the silver movement, it has got its finishing stroke. The buying of American securities here is mainly for America. There has been a steady stream of buying for some time past, but now McKinley is elected and English money will be forthcoming for American stocks."

Mr. Samuel Montagu, head of the well known bankers of that name, said: "I am gratified with the result of the election. It will be a relief to the financial world. The buying of American securities here is mainly for America. There has been a steady stream of buying for some time past, but now McKinley is elected and English money will be forthcoming for American stocks."

GIVING OUT THE BOUQUETS.

Press Bureau Was a Success in Every Detail.

The election returns from Alameda county are complete, and now is the time to distribute a few bouquets.

Never before in the history of the county were election returns gathered and distributed in such a complete and intelligent manner as at the present election.

Some two weeks ago a Press Bureau was formed in Oakland for the purpose of gathering the returns from the 111 precincts in Alameda county.

The members of the Bureau were the Call, Chronicle, Examiner, Inquirer and TRIBUNE.

The management of the Bureau was placed in the hands of A. A. Denison of the Enquirer and Edward A. O'Brien of THE TRIBUNE. They planned the campaign and filled on every trust reposed in them. Their territory included Oakland city, Alameda, Berkeley, Oakland township, Emeryville and Brooklyn township.

The editors of the Enquirer and TRIBUNE were responsible for the returns from Alameda county. The Enquirer and TRIBUNE have been successful in their work. They were energetic and hard workers. THE TRIBUNE extends its thanks to these gentlemen for the able and efficient manner in which they did the work. It was the first Press Bureau in this county to be a complete success.

THE TRIBUNE extends its thanks to Manager Ellis of the Telephone Company, who was courteous and obliging at all times. Had it not been for great co-operation on his part it would have been very difficult to secure quick returns from the country. Mr. Ellis is a very competent man in his line of business, and the company is to be congratulated on having such an efficient, courteous and intelligent manager. To the "hello girls" in the office THE TRIBUNE gives thanks for their fine work. The telephone operators in the country towns are also to be thanked for keeping open house.

Mr. J. H. Threlk, superintendent of the Railway Mail Service, is also deserving credit for keeping out at election. He caused special mails to be sent to Oakland the morning after election. Mr. Threlk is a very able man.

To the election officers who either brought or sent returns to THE TRIBUNE thanks are herewith given.

Thus all working in harmony made the election news complete in this county.

After all the news are the ones who are served. They want and must have the news. They got it.

In reference to THE TRIBUNE it may be said that it gave the most complete election bulletins to the public. THE TRIBUNE extra Tuesday night was far ahead of any other extra issued. It gave THE NEWS.

Friday evening, November 2, Oakland Lodge No. 125, Fraternal Brotherhood, gave an entertainment and banquet in honor of the organizers of the lodge, who have been so successful in their work here and who are soon to leave Oakland.

There were about 500 present, and Harmony Lodge of San Francisco was represented by a large delegation. After a short literary and musical program a procession was formed for the banquet room. The program, headed by the organizers in couples, followed by Harmony Lodge and Oakland Lodge, marched to the banquet room.

A sumptuous spread was served. After all had partaken of the feast dancing followed and all entered into the spirit of the occasion until midnight brought the entertainment to a close.

The organizers have made many friends here and the lodge members will be very sorry when they depart for their new field of labor.

Much credit is due to the Committee on Entertainment, consisting of Mrs. E. C. Voorhees, Mrs. Adams, Mrs. Horvick, Mrs. Howe, Mrs. Gillespie, Mrs. Harrison, Messrs. Gillespie, Adams, Howe, Paulson and Brown, for the success of the evening.

Canadian Troops Sail. CAPE TOWN, Nov. 6.—The British transport Haverhill Castle, having on board the Royal Canadian regiment, sailed from here today.

TAKE A RECORD. See How Many Friends are Hurt by Coffee.

It would be just as reasonable for a temperance advocate to drink a little diluted whisky as to drink coffee, for one is as truly an intoxicant as the other, and persistence in the use of coffee and the variety of chronic diseases, heart palpitation (and ultimately heart failure), frequently constipation, kidney diseases, many cases of weak eyes and trembling condition of the nerves.

This is only a small percentage of the great variety of diseases which come from an unbalanced nervous system, caused by the persistent daily use of the drug caffeine, which is the active principle of coffee. Another bit of prima facie evidence about coffee is that the victims to the habit find great difficulty in holding their breath. It is in fact a very favorable condition as three months ago.

An effort will be made to secure thousands of signatures to petitions that will be presented to Congress, asking the intervention of the American Nation.

Max Fisher and H. Pare were tried this morning for a violation of the ordinance. Their offense consisted in building a modern addition to a building inside the fire limits without obtaining a permit. They were found guilty and Fisher was sentenced to pay a fine of \$25 or to serve five days in jail for the same offense, while Pare was fined with a fine of \$10 or five days.

BOERS STILL HOPEFUL. Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, Nov. 8.—President Mellen of the Northern Pacific Railroad, who has arrived in this city, is greatly pleased with the result of the election and expects a great increase in the business of his road as a result.

In respect to rumors about the Northern Pacific's desiring to acquire the Oregon lines of the Southern Pacific, Mr. Mellen said there was nothing in them.

Mr. Hill, president of the Great Northern, and L. J. Mellen, "had a conference, and we found that our ideas were much more similar than we had supposed. We went in the train car over the Northern Pacific from Seattle to Butte, and from there on we took over the Great Northern. I may say that the relations between the two roads are as harmonious as those of any two competing roads in the country. At the same time a break might come any day, although the sky at present is quite clear."

Mr. Mellen said he was in New York to consider some important matters, and that he would stay in the city for a few days.

It is said that an increase of the dividend of Northern Pacific common stock has been decided upon at a meeting of the executive committee of the road. This decision will be submitted to the full board at a meeting to be held today.

OREGON LINES NOT TO BE SOLD.

Northern Pacific Is Not a Probable Purchaser.

QUAY IS OUT FOR SENATOR.

His Margin of Votes Is a Very Small One.

Associated Press Dispatches by The Tribune's Special Leased Wire. HARRISBURG, Pa., Nov. 8.—It is figured here by those who have kept close watch of the contest for the control of the next Legislature that the two branches will line up as follows:

House of Representatives—Quay Republicans 105, anti-Quay Republicans and Fusionists 55, Democrats 63, Total 223.

According to these figures the Quay Republicans have only three votes above the 100 necessary to organize the House.

Senate—Quay Republicans 25, anti-Quay Republicans 12, Democrats 12, Total 49. This would make the Senate a tie between Quay and anti-Quay, and creates an interesting situation as regards the organization of the body and the disposition of what the Democrats and anti-Quay Republicans may endeavor to do in the next Legislature.

On joint ballot, according to these figures, Mr. Quay, if he is a candidate for United States Senator, will have 117 votes, more than the number necessary to a choice. Mr. Quay has declared that he will be a candidate, and his friends say he will stick to his determination. The Legislature ballots for Senator on January 15th.

The leaders of the Business Men's League, which organization has handled the fight against Mr. Quay in many of the counties for several years, assert that they have enough votes to prevent Mr. Quay's re-election. They further declare that Mr. Quay's friends cannot organize either branch of the Legislature.

FUNERAL OF LATE JUDGE ROSBOROUGH.

The funeral of the late Judge A. M. Rosborough took place this morning from his late home, 160 Nineteenth street, and was largely attended by friends of the deceased, who had known and admired him during life.

All shades of political thought were represented, because the deceased, during his long and honorable career, had made friends with those who differed from him as well as those who agreed with him in matters of public policy.

The tribute of flowers was a liberal one, among them being a large and elaborate floral wreath, which was sent by Oakland Lodge of Elks, and a star, which was sent by the Phi Kappa Psi fraternity at Berkeley.

The remains were borne to St. Anthony's Church in East Oakland, where a requiem mass was sung for the repose of the soul of the deceased. The interment took place in St. Mary's cemetery.

The pall-bearers were Judge W. T. Wallace, Judge E. W. McElrath, Warden Thomas Wilkinson, General T. T. Chittenden, Captain W. S. Leal, A. H. Voorhees, J. J. Valentine and John R. Glascock.

DEMOCRATS TO REORGANIZE.

Meeting Called to Rid the Party of Bryan.

Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, Nov. 8.—A special to the Chronicle from Detroit, Mich., says: Don M. Dickinson is authority for the statement that within three weeks a meeting will be held in New York City to outline a plan of reorganization for the Democratic party. He says the call for the meeting will have the signatures of prominent Democrats.

The meeting, Mr. Dickinson says, will be attended by Democrats of both gold and silver leanings. The call for the meeting will be sent out in a few days. It will be mailed broadcast throughout the land, appealing to all Democrats, gold and silver alike.

GERRY RESIGNS PRESIDENCY.

No Longer Looking Out for Cruelly Treated Children.

NEW YORK, Nov. 8.—The World says today:

Edbridge T. Gerry, founder of the Society for the Prevention of Cruelty to Children, and for the past twenty years at its head, has resigned as president of the organization.
